

IBM CLOUD SERVICES

Date	3 September 2022
Team ID	PNT2022TMID05092
Project Name	Smart farmer- IOT enabled smart farming application

Step 1:

The IBM Cloud platform combines platform as a service (PaaS) with infrastructure as a service (IaaS) to provide an integrated experience. The platform

scales and supports both small development teams and organizations, and large enterprise businesses.

IBM cloud account has been created.
